NO SMOKING

There is no smoking (cigarettes, cigars, e-cigarettes, etc.) anywhere on the property. This is strictly enforced due to the sensitive environment in which you are visiting. In addition, if you are caught smoking on the property, you will be asked to leave the premises. Thank you for your cooperation.

Damage to property

We understand that accidents happen. But we do ask that guests please let us know immediately when they do. Chances are we can fix things as effortlessly as possible, which means a better chance that there will be no additional charges added to your stay.

Cleaning Fee

Speaking of additional charges, we do not charge a cleaning fee. However, if extra cleaning is required we will be adding a cleaning fee of at least \$50 to your stay.

Seasonal Comfort

Electricity in New Zealand is very expensive. However, our guest's comfort is important to us. We have provided you with seasonal comfort items for your use, with some simple, but important, rules to be followed.

Winter

During the winter months we individual heaters in the rooms. The heaters can be turned on at any time, and are safe to leave on over night (just be aware that they are hot). However, we do ask that guests turn off the heaters during the times you are leaving the premises. We will be happy to turn on the heaters for you early in the evening if you are out.

Kauri Lounge Fireplace (Homestead B&B only)

During the evenings your hosts will light a fire in the Kauri Lounge for your enjoyment and relaxation. If the fire needs tending, please let us know. We will monitor the fire during the evening. Please DO NOT place anything in the fireplace or tend to the fire in any way.

Should any of your personal items get left behind, we will be happy to have them returned to you, at the guest's expense. We will notify you of the cost of postage plus our handling fee, prior to the item being returned.

Pets

As we have furry family members, we can't accommodate other pets on the property. Assist dogs are always an exception.

Well, there's a well!

Just outside the back entrance to the main house B&B is a well...a real one! And it's real deep too ☺ This is the original well to the homestead and needs to be respected, just like the rest of the property. Please refrain from throwing any items into the well (organic or otherwise) as we do use this as a water source from time to time. Please ensure if you're travelling with little guests that you maintain supervision of them at all times.

Small Town Siren

It's common in small towns in New Zealand to use a siren as a warning system or to alert volunteer firefighters of a "call out". A broken or up-and-down sounding siren is for the firefighters. A constant unbroken siren is a tsunami warning.

Reception hours

Ann-Marie and Ash are available each day from 8:00 am – 7:00 pm. If you have any questions, please let us know.

Sirens, Earthquakes and Civil Emergency

Sirens

Small town life requires help from volunteer firefighters. The most common siren you will hear will be a broken siren. This is the call for the volunteer firefighters so unless you're a volunteer, no need to be considered with this siren (it can happen regularly).

Continuous Siren (Tsunami warning)

If you hear an unbroken continuous siren, you need to pay attention to this one as it's a tsunami warning. Our property is located above the maximum upper limit for any known tsunami on this coast. Please follow instructions by the warden or other authorities present on or near the property.

Earthquake

Should you experience an earthquake please take cover (on the floor along, the side of the bed is best, if possible); cover your head and hold on until the earthquake has finished. Be careful when leaving a building after an earthquake as there may be falling debris.

Emergency Contact

If there is an emergency of any kind either contact us immediately or call 111 for Police, Fire or Ambulance.

Our address is 84 Whangapoua Road, Coromandel Town, Waikato. In the dresser drawer you will find a torch. In the event of a civil emergency you will hear sirens sounding. If you are out and about when there is a disaster please feel free to return to us here until it is safe to continue your travels.

Assembly Point

In the unlikely event of an emergency, the Assembly Point is located at the far end of the garage (closest to the road). See the Compendium.
